ITEM 5 – FOR CONSIDERATION

A. OLD BUSINESS

There was no old business.

B. NEW BUSINESS

1. Presentation of 2022 Budgetary Key Aspects

Mr. Troyer stated he is still working to finalize numbers but is putting the key aspects in front of the committee members. He stated he should have quotes and insurance rates solidified in the next month. He noted this is our second year of our primary funding being the millage. He stated the County is projecting a slight increase due to taxable values. He noted there was an Interest earned drop because of interest rates. Total revenues are now \$10,218,735 and he is not anticipating any other changes.

He advised the committee that he has factored in a 5% increase in benefits. The disability and life carriers are expecting no rate changes. A request for an additional Systems Support Specialist is included in the proposed budget. The Systems Support Specialist position will be converted to a salary position with a new scale, taking into consideration the overtime worked in 2019, 2020 and YTD 2021 as well as position salary at other PSAPs. For the collective bargaining group, they will receive 1.5% on 1/1/22. The two-year agreement with the Supervisors is for a 2% increase effective January 9. Troyer

recommends all non-union administrative staff receive a 2% increase and the Executive Director will receive a 2.5% increase according his agreement. Troyer reminded members the reason for his position getting 2.5% each year of the agreement was due to \$6k in performance compensation being removed in 2020.

Mr. Troyer stated the budget is a little over \$200,000 in the black if nothing changes. He noted that the only outstanding items are a few contractual or professional service contracts and the 2022 insurance rates but even they should not take us into the red.

2. OTHER ITEMS

1. Member Comments

There were no member comments.

2. Next Meeting

The next regular scheduled meeting of the KCCDA Finance Committee will be held Tuesday, October 26, 2021, at 2:00 p.m.

3. Adjournment

The meeting was adjourned at 3:11 p.m.

Fiscal Year 2022 Budget

Kalamazoo County Consolidated Dispatch Authority

TO: Finance Committee Members and Board of Directors

FROM: Jeff Troyer, Executive Director

DATE: October 15, 2021

SUBJECT: Fiscal Year 2022 Budget Proposal

INTRODUCTION

I hereby present to you for consideration, my recommendation for Kalamazoo County Consolidated Dispatch Authority's (KCCDA) Fiscal Year 2022 Budget. This proposal was prepared in accordance with Generally Accepted Accounting Principles and is compliant with the Uniform Budget and Accounting Act and KCCDA's Fiscal Policies. The following Public Hearing Notice will be posted on KCCDA's website (www.kccda911.org) and published in the Kalamazoo Gazette (paper and electronic form):

NOTICE OF PUBLIC HEARING – 2022 BUDGET

The Kalamazoo County Consolidated Dispatch Authority's Board of Directors will hold a public hearing on Tuesday, November 9th at 4:05 p.m. The purpose of the hearing is to receive public comment on the proposed budget for fiscal year ending December 31st, 2022. The 2022 proposed budget consists of expenditures totaling \$10,036,941 resulting in a \$161,794 surplus.

The hearing will be held in the Chief Switalski Meeting Room on the main level at Kalamazoo County Consolidated Dispatch Authority, 7040 Stadium Drive, Kalamazoo, Michigan. A copy of the proposed budget may be obtained at the KCCDA Administrative Office (same address as above) or on our website at www.kccda911.org.

The proposed budget includes revenues and expenditures in TWO (2) separate business units:

➤ 2911 – General Operations

This unit includes all revenues and expenditures related to normative public safety answering point and dispatch service; including management and administration for the entire organization.

➤ 2913 – Training

This unit is used to account for restricted revenues and expenditures related to the Michigan State 9-1-1 Committee Training Funds. In accordance with Public Act 32 of 1986, as amended, training fund activities must be accounted for separately.

This proposal contains specific details and projections for the following organizational activities for fiscal year 2022:

- ✓ Revenue Sources
- ✓ Personnel Services and Benefits
 - Positions/Personnel Proposal
 - Salaries and Wages
 - Health, Dental, & Vision Insurance
 - Disability Insurance
 - Life Insurance
 - Retirement Plans
 - Retiree Health Care Savings Plan
- ✓ Contractual and Professional Services
- ✓ Equipment, Projects and/or Capital Requests
- ✓ 2022 Proposed Line-Item Budget
- ✓ Budget Comparison
- ✓ Ten-Year Budgetary Forecast

REVENUE SOURCES

Fiscal year 2022 will be the second year for KCCDA's primary revenue source being the voter approved 911 and Public Safety Dispatch Service millage of .65 mills. The millage is anticipated to generate \$6,099,900 which is a 3.2% increase from 2021. Kalamazoo County will distribute these monies in four equal payments of \$1,524,975.

Local 911 fee revenues are expected to generate \$1,080,000 which is consistent with the two previous years. State 911 fees are anticipated to generate the same amount of revenue as the year before. A portion of the state fees are dedicated training monies which are tracked in a separate business unit (2913) as required by statute.

KCCDA anticipates \$3,000 of interest revenue from KCCDA investments which is significantly less than 2020 but similar to 2021's amount. This is a result of lower-than-normal interest rates and lessor non-operating fund balance due to rebates/refunds that were issued in 2021 and the ongoing public safety radio communications expansion project. Rent/lease revenues from the ATM Lease with Consumers Credit Union will remain the same at \$7,200 and \$250 is anticipated from Freedom of Information Act processing fees.

In late 2020, KCCDA entered into a Lease Purchase Agreement with Motorola for the MPSCS Kalamazoo Sub-System Simulcast project. This agreement generated \$6,200,975 of non-monetary revenue and was placed into a construction/project asset account for draw down over multiple years to account for equipment and services delivered each fiscal year. KCCDA anticipates finishing the multi-year project in 2022 and will use the remaining non-monetary balance in the construction/project account totaling \$2,480,385.

The attached list itemizes all revenues to individual accounts and corresponding business units. The General Operations (2911) business unit revenue total is \$10,154,735 and Training (2913) accounts for \$44,000. This brings total anticipated revenue for the year \$10,198,735.

PERSONNEL SERVICES and BENEFITS

POSITIONS/PERSONNEL PROPOSAL

This budget proposal contains the same classifications as 2021 but includes one additional Systems Support Specialist position. All other classifications have the same number of positions (for each classification) as currently approved for. This proposal consists of the following positions:

- | | |
|--|--|
| 12 - Emergency Communications Officer I | 1 - Executive Administrative Assistant |
| 36 - Emergency Communications Officer II | 2 - Systems Support Specialist |
| 4 - PT Emergency Communications Officers | 1 - Network and Systems Administrator |
| 6 - Dispatch Supervisors | 1 - Deputy Director |
| | 1 - Executive Director |

The personnel proposal above equates to 60 full-time and 4 part-time positions for a total of 64. It should be noted that this proposal includes flexibility for administration to fill an otherwise vacant full-time emergency communication officer II position(s) with a part-time employee if the opportunity presents itself however, administration shall not exceed the overall total emergency communication officer II positions.

SALARIES AND WAGES

The following is a list of the current wage and salary scales for each classification:

The 2022 salary and wage scale changes contained in this proposal vary from classification to classification because compensation is only one aspect of a full economic package agreed to

with employee bargaining units and groups. The following are specific changes to salary and wage scales contained in this compensation proposal:

- Emergency Communications Officer I's and II's – 1.5% increase effective January 1, 2022 per the collective bargaining agreement.
- Dispatch Supervisors – 2.0% increase effective January 9, 2022 per existing economic terms with the group.
- Executive Administrative Assistant – 2% increase effective January 9, 2022
- Systems Support Specialist – recommendation to convert this position from hourly to a salary position effective January 9, 2022. The salary scale proposed takes into consideration average overtime worked in this position in 2019, 2020 and year-to-date as well as competitive analysis.
- Network & Systems Administrator – 2% increase effective January 9, 2022.
- Deputy Director – 2% increase effective January 9, 2022.
- Executive Director – 2.5% increase effective February 15, 2022, per existing employment agreement (Note: \$6k of performance compensation removed from employment agreement in 2020).

If approved, the following will be the new wage and salary scales on the above effective dates included in this budget proposal:

HEALTH, DENTAL, & VISION INSURANCE

KCCDA currently offers Blue Cross Blue Shield (BCBS) of Michigan health, dental, and vision plans to employees via a third-party administrative relationship with Burnham and Flower Insurance Group. KCCDA, with Burnham and Flower's assistance, calculates composite illustrative rates to offer employees three primary enrollment categories: Single, Dual and Family. The composite illustrative rates are based on the following:

- Current Enrollment - number of employees enrolled in each elective category. This is referenced as “enrollment category”.
- In each enrollment category (single, dual or family) the average age is determined by participant category: employee, spouse or partner, and dependents (x2).
- The average age for each participant category is then referenced against the BCBS plan renewal rate sheets (pages 15 – 25) to determine the enrollment category composite illustrative rate for each plan.

HEALTH INSURANCE

In 2022, KCCDA will continue to offer two Blue Cross Blue Shield of Michigan health insurance plans for employees to choose from:

➤ Simply Blue HSA PPO Gold \$2,000/\$4,000

This is a standard high deductible plan with an associated health savings account (HAS). There are no plan modifications from the previous year, but the renewal rates are increasing 8.75% for 2022 (see page 17). If an employee elects this plan, KCCDA will contribute 70% of the deductible into the employee’s health savings account on January 14, 2022 (the first payroll check date in the new calendar year). For employees that start mid-year, the employer HSA contribution amount is prorated on a quarterly basis.

➤ Blue Care Network HMO Platinum \$500/0%

This is a Health Maintenance Organization (HMO) plan which is typically lower cost than an all-inclusive PPO plan but has a more restrictive provider network which the employee will have to coordinate medical services through a primary care physician. The plan has a \$500 deductible for a single and \$1,000 for dual or family and has copays ranging from \$20 for primary care to \$150 for an emergency room visit. The rates for this plan are increasing by 10.57% for 2022 (see page 18).

It is recommended that KCCDA continue to charge full-time employees a ten percent (10%) cost share for health insurance premiums for calendar year 2022. The health insurance cost comparison which analyzes 2022 comparative rates to last year is detailed on page 11. This also includes a brief benefit summary, annual premiums, and a breakdown of employer and full-time employee costs.

KCCDA will also offer health insurance to eligible participating part-time emergency communications officers (ECOs) and their eligible dependents if the employee worked at least 1040 hours during the twelve (12) calendar month period preceding the open enrollment period. Part-time ECOs are only eligible if they have no Affordable Care Act or

other qualified group health care coverage available through programs under which their spouse or dependents are eligible to participate. For eligible part-time ECO's who make such election, KCCDA will only pay 50% of the cost of a single coverage plan and the employee is responsible for the remainder of the premium.

If a full-time employee opts-out of KCCDA's health plans, the employee may be eligible for a payment in lieu of health insurance equal to \$75 – Single, \$125 – Dual or \$175 – Family; per pay period. Part-time employees are not eligible for payment in lieu.

KCCDA policy dictates the organization must be compliant with Michigan Public Act 152 of 2011 (last amended by Public Act 477 of 2018) which sets annual cost limitations for public employer contributions to medical benefit plans. Page 12 is the memorandum issued by the State of Michigan Department of Treasury establishing the cost limitations for calendar year 2022. These limitations, which increased 3.7% from last year, are incorporated into the PA 152 Employer Health Insurance Cost Analysis on page 13 which analyzes KCCDA's compliance with the Act. If KCCDA adopts a 10% employee cost share as recommended herein, employer costs are still well below the limitations established by the State of the Michigan which ranges from 6.07 to 21.23% below the maximums depending on the plan and enrollment category.

DENTAL INSURANCE

KCCDA will continue to offer full-time employees the opportunity to participate in the Blue Dental PPO Plus 100/80/50 with a \$25/\$75 deductible. Annual composite premiums for 2022 are as follows: Employee - \$306.24, Employee + Child - \$543.24, Employee + Spouse - \$612.48 and Family - \$1,212.60. This equates to an average premium increase of 7.62% across all enrollment categories. It is recommended that KCCDA implement a 10% cost share for all employees electing this plan. The employer and employee premiums are detailed further on page 14.

VISION INSURANCE

KCCDA will continue to offer full-time employees the opportunity to participate in Blue Vision VSP Choice Network 12/12/12. This plan is for Adults Only due to the recommended health plans including pediatric vision coverage for ages 0 - 18. Annual composite premiums for 2022 are as follows: Employee - \$69.12, Employee + Child - \$134.52, Employee + Spouse - \$138.24 and Family - \$203.64. This equates to an average premium increase of 1.39% across all enrollment categories. It is recommended that KCCDA implement a 10% cost share for all employees. The

employer and employee premiums are detailed further on page 14.

The complete BCBS of Michigan Health, Dental and Vision Insurance Renewal packet and rate tables are included as supporting documentation on pages 15 – 25.

DISABILITY INSURANCE

The Authority offers eligible full-time employees short-term disability (sickness and accident) insurance. Covered employees who become totally disabled and are prevented by such disability from working for remuneration or profit and who are otherwise eligible under the insurer's regulations will be eligible to receive weekly insurance payments consisting of sixty-six point six seven percent (66.67%) of basic weekly wage up to a maximum of \$600.

KCCDA's short term disability insurance provider is Unum. This cost ranges from \$488 to \$676 per year per employee depending on the employee's wage. Therefore, for the purposes of this proposal, personnel costs are factored using a composite average of \$585 annually per employee.

Disability insurance terms for the Executive Director are outlined in the Employment Agreement and are incorporated into the budget proposal.

LIFE INSURANCE

KCCDA offers eligible full-time employees term life insurance in an amount equal to one (1) times the employee's annual salary rounded up to the nearest thousand, but in no case more than \$40,000, and a like amount for accidental death and dismemberment. Life insurance benefits do reduce, pursuant to the terms of the Policy, at the age of 65 on a graduated basis.

The cost of this benefit depends on the age of the employee. Therefore, for budgeting purposes, this proposal uses an average cost per employee per year of \$161; or \$13.41 per month.

Life insurance terms for the Executive Director are outlined in the Employment Agreement and are incorporated into the budget proposal.

RETIREMENT PLANS

All full and part-time employees are required to participate in KCCDA's MERS Defined Contribution Retirement Plan which has a cliff-vesting period of two (2) years. As part of this plan, KCCDA will contribute five percent (5%) of an employee's gross wages and *will match* voluntary employee contributions up to a maximum of an additional three percent (3%). For

the purposes of this budget proposal, employer costs are calculated at the maximum possible liability – eight percent (8%).

Furthermore, the Authority offers full and part-time hourly employees the opportunity to participate in a MERS Deferred Compensation (457) Plan with no match. The Deputy Director and Network and Systems Administrator positions are required to participate in this plan and KCCDA contributes two percent (2%).

The Executive Director’s retirement terms are outlined in the existing employment agreement and are incorporated.

RETIREE HEALTH CARE SAVINGS PLAN

Eligible employees currently may qualify to participate in a MERS Health Care Savings Plan as an innovative way to help employees prepare for retirement healthcare costs. An Eligible full-time employee who enrolls in the plan and who is actively employed and paid a cumulative of at least 2000 hours (regular hours worked, PTO, comp time, and short-term disability) during their previous year of employment (based on their anniversary date) will qualify for an employer contribution equal to two percent (2%) of the employee’s base salary/wage into their Health Care Savings Plan.

PERSONNEL SERVICES and BENEFITS SUMMARY

All recommendations contained in this section – positions, compensation, benefits and taxes – are illustrated in the Position Budgeting tables on pages 26 – 28. The table includes a column titled “Empl. ID or Vacant (V)”. If the position is currently filled, an employee ID number is listed in this column. If the position is currently vacant, it is labeled with a “V” followed by the number of months the position is budgeted to be filled during 2022.

**PUBLIC EMPLOYER CONTRIBUTIONS TO MEDICAL BENEFIT PLANS
ANNUAL COST LIMITATIONS – CALENDAR YEAR 2022**

For a medical benefit plan coverage year beginning on or after January 1, 2012, MCL 15.563, as last amended by 2018 Public Act 477, sets a limit on the amount that a public employer may contribute to a medical benefit plan.

For medical benefit plan coverage years beginning on or after January 1, 2013, MCL 15.563 provides that the dollar amounts that are multiplied by the number of employees with each coverage type be adjusted annually. Specifically, the dollar amounts shall be adjusted, by October 1 of each year after 2011 and before 2019, by the change in the medical care component of the United States consumer price index for the most recent 12-month period for which data are available. By April 1 of each year after 2018, the dollar amounts shall be adjusted by the change in the medical care component of the U.S. consumer price index for the most recent 12-month period for which data are available. For calendar year 2021, the limit on the amount that a public employer may contribute to a medical benefit plan was set to the sum of the following:

- \$ 7,043.89 times the number of employees and elected public officials with single-person coverage
- \$14,730.96 times the number of employees and elected public officials with individual-and-spouse coverage or individual-plus-1-nonspouse-dependent coverage
- \$19,210.66 times the number of employees and elected public officials with family coverage.

The limits for 2022 equal the 2021 limits increased by **3.7 percent**. The 3.7 percent is the percentage change in the medical care component from the period March 2019-February 2020 to the period March 2020-February 2021.

Thus, for medical benefit plan coverage years beginning on or after January 1, 2022, the limit on the amount that a public employer may contribute to a medical benefit plan equals the sum of the following:

- **\$ 7,304.51** times the number of employees and elected public officials with single-person coverage
- **\$ 15,276.01** times the number of employees and elected public officials with individual -and-spouse coverage or individual-plus-1-nonspouse-dependent coverage
- **\$ 19,921.45** times the number of employees and elected public officials with family coverage.

RATES ARE SUBJECT TO CHANGE BASED ON DEPT. OF INSURANCE & FINANCIAL SERVICES APPROVAL

To comply with new requirements in the Patient Protection and Affordable Care Act (PPACA) (also referred to as health care reform) groups may be required to make changes to their health insurance coverage. If necessary, this may result in an adjustment to the rates. To learn more about the PPACA, please visit our webpage, www.bcbsm.com/healthcarereform. You should also consult with your legal counsel for any legal advice on how you may comply with the law and regulations and the applicability to your plan. BCBS of Michigan rates are guaranteed for the period stated above; however, BCBS reserves the right to adjust rates if any of the assumptions or calculations used to calculate the rates are incorrect. Please remember that BCBS is a prepaid health plan and payment is due on or before the date noted on your billing statement. If you have questions or wish to discuss other BCBS benefit plans, please contact your BCBS Regional Sales Office or Agent. We at BCBS appreciate your business and look forward to providing your continuing health benefit needs.

RATES ARE SUBJECT TO CHANGE BASED ON DEPT. OF INSURANCE & FINANCIAL SERVICES APPROVAL

To comply with new requirements in the Patient Protection and Affordable Care Act (PPACA) (also referred to as health care reform) groups may be required to make changes to their health insurance coverage. If necessary, this may result in an adjustment to the rates. To learn more about the PPACA, please visit our webpage, www.bcbsm.com/healthcarereform. You should also consult with your legal counsel for any legal advice on how you may comply with the law and regulations and the applicability to your plan. BCBS of Michigan rates are guaranteed for the period stated above; however, BCBS reserves the right to adjust rates if any of the assumptions or calculations used to calculate the rates are incorrect. Please remember that BCBS is a prepaid health plan and payment is due on or before the date noted on your billing statement. If you have questions or wish to discuss other BCBS benefit plans, please contact your BCBS Regional Sales Office or Agent. We at BCBS appreciate your business and look forward to providing your continuing health benefit needs.

CONTRACTUAL and PROFESSIONAL SERVICES

As part of the annual budget process, a list of contractual and professional services is presented for approval in accordance with KCCDA's fiscal policy 1.03 – Expenditure-Bill Pay. If approved, invoices for these services shall be processed for payment without further approval unless specifically requested from the Board of Directors.

Many of these are existing services but there are some minor changes for 2022. The items identified below are noteworthy modifications to existing and/or new services (correspond to line-item numbers on list) for fiscal year 2022:

- Lines #3 & 4 – Scheduling Software Application
KCCDA currently uses Aladtec scheduling software. As part of this proposal, we recommend not renewing the Aladtec contract in October (2022) and switch to a different vendor – Pace Scheduler. This product has been reviewed by our Deputy Director and the scheduling Dispatch Supervisor and it is a far superior product with increased functionality.
- Line #13 – Portage PD VHF System
2022 will be the last full year of paying Roe Comm to provide maintenance and support on Portage PD's VHF System. It is anticipated that Portage's police division will transition to the MPSCS Kalamazoo Subsystem once the expansion project is complete late next year.
- Line #14 – 9-1-1/CPE System Support
Our 9-1-1 telephony system support will increase 13.5% for 2022 due to the installation of an on-site controller versus being a remote site from host controllers in Grand Rapids. Project #2 in the projects section of the budget directly corresponds to this increase.
- Line #18 – Two Factor Authentication
This line item is decreasing from \$4,000 in 2021 to \$1,250 in 2022; more than 68% reduction. This decrease is due to the licensing model being subscription based where additional users can easily be added mid-year if need be.
- Line #23 – MS Office 365 Licensing
The proposal includes an increase in MS Office 365 licensing to account for additional licenses for vacant positions and added authentication modules.
- Line #24 – Password Management Tool
Administrative staff who are responsible for human resource and personnel services, accounting and finance (including KCCDA financial institution accounts), and other

pertinent organizational functions, have access to many secure sites where usernames and passwords must be properly managed to reduce cybersecurity risk. Administration recommends budgeting \$1,000 for a CJIS compliant password management tool.

- Line #31 – Disaster Recovery Solution

This appears to be a new contractual service, but it is related to a disaster recovery solution that was installed in 2019. This capital project included the first two years of the subscription based Commvault solution. KCCDA can expect this to be an annual cost moving forward.

- Line #33 – MPSCS Tower Maintenance

The amount budgeted for MPSCS tower maintenance is increasing by \$3,000 to account for the new tower sites being added. We do not anticipate them to come online until the very end of 2022, which is the reason for the modest increase however, KCCDA anticipates this amount to increase another \$20,000 for fiscal year 2023.

- Lines #45, 46 & 47 – License Agreements for Towers

These three items are new and are associated to agreements KCCDA has with the Cities of Kalamazoo and Portage and Village of Augusta for new communication towers. All three items will be annual costs moving forward.

- Line #51 – Cost Share for GIS Technician position

At this point in time, administration is recommending that KCCDA not renew the cost share agreement with the County for a GIS Technician position. For two years, KCCDA has spent \$15,000 on this agreement but has not received the GIS services outlined in the agreement. Administration recently met with County staff and while the services have improved since the meeting, it is too soon to know whether this will be temporary, or if the improvements will be permanent. If the improved services continue, the Executive Director may recommend renewing this contract as part of the first revision to the 2022 Budget (April or May next year).

- Line #68 – Radio Console & MPSCS Tower Site Connections

This line item is increasing by \$3,500 over 2021 to account for the fiber connection to the new Kalamazoo Subsystem prime tower site at the corner of Parkview and S. Drake road (known as “5112 – WMU”).

- Lines #72 & 73 – Utilities: Gas and Electric

Both line items are increasing for 2022 due to the new/additional tower sites that will be coming online next year.

- Lines #75 – Property & Liability Insurance Provider

This proposal includes an increase in this line item to account for the additional tower sites and equipment that will be delivered as part of the MPSCS Kalamazoo Subsystem radio communications expansion project.

The following two pages provide a detailed list of contractual and professional services recommended for the 2022 fiscal year. Each row with a bullet (●) at the end, indicates an associated note is listed above.

2022 PROPOSED LINE-ITEM BUDGET

The following three pages incorporate all recommendations contained throughout this proposal into a line-item account budget overview of all revenues and expenditures for fiscal year 2022. It should be noted that the use of fund balance in this proposal is non-monetary and directly offsets a corresponding non-monetary expenditure solely for accounting purposes. The monetary revenues for 2022 are expected to exceed expenditures leaving a surplus at year's end equal to \$161,794.

BUDGET COMPARISON

Pages 49 thru 51 provide a detailed multi-year budget comparison. The proposed 2022 budget column is gray compared to actual (year-end) expenditures from 2020 and the 2021 current budget (Revision I). This is very useful to compare the proposed budget to previous year(s) amounts. There are no significant increases or decreases to line-item accounts that have not already been explained and/or identified in other sections of this proposal.

TEN YEAR OPERATIONAL BUDGETARY FORECAST

The last page is a ten-year budgetary forecast of KCCDA's General Operations Business Unit (2911). This compares the current fiscal year categorical budget (2021 Revision I) to the 2022 proposed budget and a forecast for each year thru 2030. All revenues and expenditures are forecasted estimates based on the following assumptions:

REVENUES

- Property tax revenues from the 911 millage began in 2021 and are anticipated to generate \$5,901,100. Based on taxable values, we are expecting millage revenues in 2022 to increase to \$6,099,900. A conservative approach was used to illustrate the remainder of the forecast which reflects this revenue remaining constant/flat.
- All other revenue sources are anticipated to remain constant/flat.

EXPENDITURES

- There are RED boxes around Personnel Services and Benefits & Taxes for years 2023 and 2024. These two categories are increased by five percent (5%) each of these years to account for continued growth in KCCDA staff from filling the remaining vacant positions. Every year thereafter, these categories are increased by three percent (3%)
- Supplies and Services & Other Charges are factored to increase annually by two percent (2%) beginning in 2022.
- Equipment and Capital Outlay will significantly reduce after the MPSCS Kalamazoo Subsystem radio expansion project is complete in late 2022. Each year thereafter, \$125,000 is earmarked for equipment and project costs.
- KCCDA's Debt Service will remain at \$1,333,547 thru 2025 due to the Motorola Lease Purchase Agreement.

At the bottom of the forecast is the fund balance analysis which assumes, according to the current 2021 Budget (Revision I), KCCDA will start fiscal year 2022 with a fund balance of \$3.986 million which consists of \$2.480 million of restricted non-monetary funds. During the 2022 fiscal year, the non-monetary funds are anticipated to be used with the completion of the MPSCS Kalamazoo Subsystem radio expansion project. At the end of next fiscal year, KCCDA anticipates having a fund balance of \$1,668,205.

Like the budget forecast KCCDA reviewed prior to entering into the Lease Purchase Agreement with Motorola for the radio expansion project, this budgetary outlook anticipates a deficit during the last two years of the debt service payments (2024 and 2025). During fiscal years 2024 and 2025, fund balance may need to be used to balance the budget before it begins to accumulate again in 2026.
