CAPITAL IMPROVEMENT PLAN

Purpose & Scope of the CIP for KCCDA

A Capital Improvement Plan (CIP) is a multi year planning tool that lays out the major capital needs of an organization, schedules their implementation, and identifies funding sources. This includes but may not be limited to facility upgrades, replacement of communications and IT infrastructure, upgrades and/or replacement of public safety dispatch systems and equipment, site security, and other major assets.

Key goals of this CIP include:

- Ensure reliability, resilience, and redundancy of communications systems and infrastructure
- Plan for lifecycle replacements of equipment and operating systems
- Anticipate growth in call volume, regional partnerships, technological advances
- Mitigate the impact of unforeseen infrastructure and system needs
- Align capital outlays with operating budget constraints

The CIP is intended to serve as a dynamic, living document that evolves in response to the community's and KCCDA's changing needs, priorities, and available resources. While the CIP provides a multi-year framework for planning and prioritizing capital projects, it is not a static plan. Projects may be adjusted, deferred, advanced, or removed as circumstances warrant, funding availability, strategic goals, or unforeseen infrastructure needs. This ensures that the plan remains aligned with long-term strategic objectives while also being responsive to emerging challenges and opportunities.

October 14, 2025

Background and Context

Kalamazoo County Consolidated Dispatch Authority (KCCDA) was created as a separate legal entity in 2014 under the authority of the Urban Cooperation Act, MCL 124.501 et seq. by the City of Kalamazoo, the City of Portage, the County of Kalamazoo, the Charter Township of Kalamazoo, and Western Michigan University to consolidate multiple emergency communication centers. The full consolidation was achieved in October 2018 and now KCCDA operates the sole emergency communications center for the County of Kalamazoo. The consolidation project was supported by local 911 fee monies and nearly a two million dollar competitive grant from the Michigan Department of Treasury for facility renovation, infrastructure, and technology upgrades. The primary emergency communications center is located at 7040 Stadium Drive (Kalamazoo) in a renovated 19,000 square foot facility. The center handles on average 460 emergency 911 calls and 775 non-emergency calls per day, and dispatches 287,000 incidents annually.

KCCDA is governed by a 13-member Board of Directors who, in November 2023, established a public improvement fund pursuant to MCL 141.261, et seq.; referred to as the “Capital Projects Fund”. The Capital Projects Fund is for the purpose of accounting for earmarked revenue which is authorized by the Board of Directors to be set-aside, accumulate and ultimately be used for acquiring, constructing, extending, altering, repairing or equipping public improvements or public buildings which the Kalamazoo County Consolidated Dispatch Authority is, by the provisions of general law and the Interlocal Agreement, authorized to acquire, construct, extend, alter, enlarge, equip or repair.

This plan analyzes the current fiscal year (2025) plus ten years into the future. As of January 1, 2025, the Capital Projects Fund audited fund balance was \$3,908,784. Administration has recommended to the Board of Directors in the 2025 budget a general fund allocation of \$1,325,000 as well as a one-time unassigned general fund balance transfer equal to \$2,000,000. The projected Capital Projects Fund balance at year-end is estimated to be just over \$6.5 million.

Key Elements of the CIP

Below is a structured breakdown of the CIP categories, sample projects, and timing considerations.

<u>CATEGORY/ASSET TYPE</u>	<u>SAMPLE PROJECT/NEEDS</u>	<u>ESTIMATED TIMING REPLACEMENT CYCLES</u>
<i>Primary and Back-up PSAP/ECC Facilities and Site Infrastructure</i>	Primary and back-up facilities, security systems, hardened backup power (generators, UPS), HVAC redundancy, structural maintenance, expansion for staff growth, etc.	These items can significantly vary from 5–20 year maintenance cycles; Some upgrades can be phased
<i>Emergency Communications Center Systems and Technology</i>	Computer aided dispatch, telephony, recording, radio consoles, dispatch consoles, computer equipment upgrades and/or replacements	Replacement or refresh every 5–10 years (depending on technology)

RESOLUTION 2025-03

Appropriation of Unassigned Fund Balance to Capital Projects Fund

WHEREAS, Kalamazoo County Consolidated Dispatch Authority was created as separate legal entity under the authority of the Urban Cooperation Act, MCL 124.501 et seq. by City of Kalamazoo, the City of Portage, the County of Kalamazoo, the Charter Township of Kalamazoo, and Western Michigan University; and

WHEREAS, a public improvement fund is a statutorily authorized fund used to account for earmarked revenue for major acquisition, construction, repair, and/or equipment associated with public improvement or public building projects; and

WHEREAS, establishing a public improvement fund is authorized by Act 177, Public Acts of 1943 (MCL 141.261 – 141.265) (“Act 177”) and requires a resolution of the governing body of the political subdivision; and

WHEREAS, Kalamazoo County Consolidated Dispatch Authority Board of Directors established a public improvement fund pursuant to MCL 141.261, et seq., referred to as the “Capital Projects Fund” on November 9, 2023; and

WHEREAS, the Kalamazoo County Consolidated Dispatch Authority’s audited unassigned fund balance as of January 1, 2025 is \$3,815,868; and

WHEREAS, Fund Balance and Reserves fiscal policy for Kalamazoo County Consolidated Dispatch Authority stipulates the Board of Directors shall strive to maintain an unreserved fund balance between twenty (20) and twenty-five percent (25%) of the average annual general operating expenditures of the previous three (3) fiscal years; and

WHEREAS, the average annual general operating expenditures of the previous three (3) fiscal years, is \$7,917,351; and

WHEREAS, twenty percent (20%) of the average annual general operating expenditures equates to \$1,583,470 and twenty-five percent (25%) is \$1,979,338.

NOW, THEREFORE, BE IT RESOLVED the Board of Directors authorizes and approves an appropriation and/or transfer in the amount of \$2,000,000 of unassigned fund balance into the Capital Projects Fund.

Kalamazoo County Consolidated Dispatch Authority

BE IT FURTHER RESOLVED the Board of Directors authorizes any budget amendment necessary to effectuate the appropriation or transfer.

I, Christine McComb, Assistant Clerk for the Kalamazoo County Consolidated Dispatch Authority Board of Directors, hereby certify the foregoing resolution was adopted by the Board of Directors at the regular meeting of said Board held on _____, 2025, at which meeting a quorum was present.

TO: Finance Committee Members and Board of Directors

FROM: Jeff Troyer
KCCDA Executive Director

SUBJECT: Fiscal Year 2025 General Fund Budget Amendment – REVISION II

I hereby present to the Finance Committee and Board of Directors for consideration this budget amendment, Revision II, for the 2025 General Fund Budget which includes the General Operations (2911) and Training (2913) units. This amendment reflects up-to-date projections based on the first eight months of operations in this fiscal year.

The proposed amendment reflects the following key aspects.

REVENUES

- **Property Taxes**
A \$108,871 increase as this was the 2024 911 millage close out balance which is the result of actual property taxes collected verse the estimated appropriation distributed from the County.
- **State 911 Surcharge**
2024 actual surcharge collected was \$477,194 and year to date quarterly distributions have been slightly less than last year's trend. Therefore, State 911 Surcharge revenue is decreasing by \$26,000.
- **Interest Earned**
KCCDA is averaging \$21,500 of interest per month, and the last two months have been approximately \$27,000. Therefore, this line-item is increasing \$40,000 for a new total of \$268,000.

EXPENDITURES

- **Personnel Services**
Personnel services are decreasing overall by \$40,500. This reduction is a combination of regular and training wages, and holiday premiums decreasing by a total of \$92,500. Overtime Wages and Payment in Lieu of Benefits are increasing by a total of \$52,000.

Kalamazoo County Consolidated Dispatch Authority

- **Benefits and Taxes**

This expenditure category has a single line-item reduction of \$20,000 for Medical/Health Insurance.

- **Services and Other Charges**

Services and other charges have three small increases totaling \$8,800 and three offsetting reductions totaling the same.

- **Equipment and Capital Outlay**

This category has a single line-item 980.010 – Small Equipment that is increasing by \$5,000. The reason for this increase is to purchase ten additional CrewForce licenses to add to the Tyler Public Safety System.

- **Transfers Out**

An additional \$175,000 is recommended to be allocated to the Capital Project Fund bringing the total allocation for 2025 to \$1,325,000.

ATTACHMENTS/REPORTS

Attached to this memorandum are four separate documents/reports to assist in the explanation of the proposed line-item and categorical budgetary revisions included in this amendment:

- ✓ **2025 Budget Amendment – REVISION II Net Changes**

This document, pages 4 through 6, shows the original adopted budget, net changes resulting from any line-item transfers (year-to-date) and Revision I, the proposed net changes in this amendment (Revision II), and the new revised budget.

- ✓ **2025 REV II Budget Performance Report**

Pages 7 through 9 is a budget performance report showing year-to-date actual revenues and expenditures and, the line-item amount included in the REVISION II budget proposal, and the amount remaining for the line-item.

- ✓ **10 Year General Fund Operations Budget and Fund Balance Forecast**

Page 10 is a categorical budget and fund balance forecast including 2024 year-end actuals, this amended 2025 Budget, and each year thereafter through 2033.

GENERAL FUND SUMMARY

The proposed budget amendment, Revision II, increases revenues by \$122,871 and reduces overall expenditures by \$48,000 but after the additional \$175,000 allocation to the Capital Projects Fund, the net changes in this amendment will equate to a reduction of \$4,129. This amended budget equates to \$9,458,951, which includes a fund transfer/allocation of \$1,325,000 to the Capital Project Fund. After these changes, KCCDA can expect an anticipated surplus at year's end totaling \$40,887.

Kalamazoo County Consolidated Dispatch Authority

I recommend adoption of the proposed fiscal year 2025 General Fund Budget Amendment –
REVISION II.

SUBJECT: Fiscal Year 2025 Capital Projects Fund Budget Amendment – REVISION II

I hereby present to the Finance Committee and Board of Directors for consideration this budget amendment, Revision II, for the 2025 Capital Projects Fund Budget. The proposed amendment reflects the following key aspects.

REVENUES

- **Transfers In**

An additional \$175,000 is being transferred to the Capital Projects Fund from this year's General Fund revenues. This equates to a \$1,325,000 allocation this year.

EXPENDITURES

- **Existing Capital Project #1 – MPSCS Template Update/Programming**

This project has a current allocation of \$60,000. This amount far exceeds the amount that will be expended this year on re-templating radios. Therefore, it is recommended to reduce the 2025 allocation to \$7,500 and the remainder (\$52,500) will carry forward to 2026 as a corresponding project. Furthermore, this project is being reclassified from 980.000 – Equipment/Software to 976.000 – Project Costs.

- **Existing Capital Project #2 – Back-up Center Improvements**

The Back-up Center Improvement project for 2025 is currently approved for two separate allocations (\$500,000 for Equipment/Software and \$500,000 for Facility Capital) totaling \$1,000,000. Due to a possible change in ownership of the intended facility, this project has not yet started but rather KCCDA has been negotiating terms for designated space with the facility's potential buyer. Draft terms of this new arrangement may begin as soon as December 1, 2025, in which KCCDA may make a one-time contribution to the potential buyer in the amount of \$300,000 to assist in the purchase of the facility. In return for this contribution, KCCDA will receive a one-hundred-year lease for one dollar per year. Therefore, this project is being reduced to \$310,000 in Facility – Capital for 2025 and the remainder will be requested in 2026 as a multi-year project.

Kalamazoo County Consolidated Dispatch Authority

- **Existing Capital Project #5 – 7040 Stadium Drive Facility Upgrades**

This project has a current allocation of \$75,000. A Request for Proposal (RFP) was conducted and the contract for Phase I was awarded to Schley Nelson Architects in the amount of \$22,600. We anticipate Phase I to be completed this year but any additional architectural or renovation work will carry forward to 2026. Therefore, this project is reduced by \$52,400.

CAPITAL PROJECTS FUND SUMMARY

The proposed budget amendment, Revision II, increases the amount of money being transferred into the fund by \$175,000 and decreases overall expenditures by \$794,900. This equates to a surplus net change in this amendment of \$969,900. The amendment results in total expenditures from the fund equal to \$726,057. With the general fund allocation to the this year of \$1,325,000 and the proposed Resolution 2025-03 appropriation of unassigned general fund balance of \$2,000,000, the projected capital projects fund will have a balance at year-end equal to \$6,507,016.

The 2025 Capital Projects Fund Budget Amendment – REVISION II Net Changes is presented on page three. This shows the two previous years' final budget, the original adopted budget for 2025, the proposed and/or approved net changes from the amendment(s), and the new revised budget. Page four is a budget performance report showing year-to-date monies transferred into the fund, year-to-date expenditures, the itemized budget amount included in this amendment (REVISION II), and the amount remaining for each line-item.

I recommend adoption of the proposed fiscal year 2025 Capital Projects Fund Budget Amendment – REVISION II.

2026 Budget Proposal

Kalamazoo County Consolidated Dispatch Authority

TO: Finance Committee Members and Board of Directors

FROM: Jeff Troyer, Executive Director

DATE: October 21, 2025

SUBJECT: Fiscal Year 2026 Budget Proposal

INTRODUCTION

I hereby present to you my recommendation for Kalamazoo County Consolidated Dispatch Authority's (KCCDA) Fiscal Year 2026 Budget. This proposal was prepared in accordance with Generally Accepted Accounting Principles and is compliant with the Uniform Budget and Accounting Act and KCCDA's Fiscal Policies. The following Public Hearing Notice will be posted on KCCDA's website (www.kccda911.org) and published in the Kalamazoo Gazette (paper and electronic form):

NOTICE OF PUBLIC HEARING – 2026 BUDGET

The Kalamazoo County Consolidated Dispatch Authority's Board of Directors will hold a public hearing on Thursday, November 13th at 3:35 p.m. The purpose of the hearing is to receive public comment on the proposed budget for fiscal year ending December 31st, 2026.

The hearing will be held in the Chief Switalski Meeting Room on the main level at Kalamazoo County Consolidated Dispatch Authority, 7040 Stadium Drive, Kalamazoo, Michigan. A copy of the proposed budget may be obtained at the KCCDA Administrative Office (same address as above) or on our website at www.kccda911.org.

The proposed budget includes revenues and expenditures for two separate funds: KCCDA's *General Fund* and the *Capital Projects Fund*.

Kalamazoo County Consolidated Dispatch Authority

GENERAL FUND

The General Fund is accounted for in TWO (2) separate business units:

➤ **2911 – General Operations**

This unit includes all revenues and expenditures related to normative public safety answering point and dispatch service; including management and administration for the organization.

➤ **2913 – Training**

This unit is used to account for restricted revenues and expenditures related to the Michigan State 9-1-1 Committee Training Funds. In accordance with Public Act 32 of 1986, as amended, training fund activities must be accounted for separately.

This General Fund proposal (pages 4 – 45) contains specific details and projections for the following organizational and operational activities for fiscal year 2026:

- ✓ Revenue Sources
- ✓ Personnel Services and Benefits
 - Positions/Personnel Proposal
 - Salaries and Wages
 - Health, Dental, & Vision Insurance
 - Disability Insurance
 - Life Insurance
 - Retirement Plans
 - Retiree Health Care Savings Plan
- ✓ Contractual and Professional Services
- ✓ 2026 Proposed General Fund Line-Item Budget
- ✓ Ten (10) Year General Fund Budgetary and Fund Balance Forecast

CAPITAL PROJECTS FUND

The Capital Projects Fund was created in 2023 in accordance with Michigan Compiled Laws 141.261 – 141.265 (collectively referred to as Act 177) for the purpose of accounting for earmarked revenue which is authorized by the Board of Directors to be set-aside, accumulate and ultimately be used for acquiring, constructing, extending, altering, repairing or equipping public improvements or public buildings which the KCCDA is authorized to acquire, construct, extend, alter, enlarge, equip or repair.

REVENUE SOURCES

Fiscal year 2026 marks the sixth year of the ten-year 911 millage voters approved in November of 2020. The millage rate, .65 mils, is anticipated to generate \$7,651,262 which is just over a 10% increase from 2025. In addition, the County will distribute the Local Community Stabilization Share monies that were applicable to the 911 millage. This amount is estimated to increase almost 17% in 2026 to \$697,389.

State 911 fee revenue decreased slightly in 2025 by \$16,000 and is anticipated to generate the same revenue totaling \$468,000. An additional \$52,000 of State 911 fees are budgeted for 2026 and are restricted training funds which are tracked in a separate business unit (2913 – Training) as required by statute. Local 911 fee revenues are expected to generate \$1,150,000 next year which is consistent with 2025.

KCCDA anticipates collecting \$18,750 in user fees during the fiscal year directly attributable to License Agreements to utilize the Kalamazoo MPSCS Simulcast Subsystem with Consumers Energy and Semco Energy.

KCCDA's Michigan CLASS investment account continues to perform well and should generate interest revenues of approximately \$250,000.

Rent/lease revenues from the ATM Lease with Consumers Credit Union is increasing by \$1,500 in 2026 to \$10,200 as KCCDA enters the second renewal term of the Amendment to ATM Site Lease Agreement.

The following page itemizes the revenues to individual accounts and corresponding business units. The General Operations (2911) business unit revenue total is \$10,245,651 and the Training (2913) business unit is \$52,000. This brings the total anticipated revenue for the year to \$10,297,651.

PERSONNEL SERVICES AND BENEFITS

POSITIONS/PERSONNEL PROPOSAL

This budget proposal contains the same number of positions in each job classification as 2025 except for Dispatch Supervisors. Administration seeks to add another Dispatch Supervisor position that will be utilized as a flex Floor Supervisor starting in the latter half of 2026. This additional position will: backfill Floor Supervisor vacation/sick time, allow existing Floor Supervisor's to have an eight-hour shift every pay period, allow Floor Supervisors time each week to review quality assurance programs, schedule regular meetings with direct subordinates, etc. A summary of the organization's personnel proposal is as follows:

16 – Emergency Communications Officer I
32 – Emergency Communications Officer II
7 – PT Emergency Communications Officers
7 – Dispatch Supervisors (5-Floor, 1-Trng, & 1-QA)
1 – Administrative Assistant

1 – Executive Administrative Assistant
2 – Systems Support Specialist
1 – Information Technology Manager
1 – Deputy Director
1 – Executive Director

The personnel proposal above equates to 62 full-time and 7 part-time positions for a total of 69 positions. It should be noted that this proposal includes flexibility for administration to fill an otherwise vacant full-time emergency communication officer II position(s) with a part-time employee if the opportunity presents itself. However, administration shall not exceed the overall total emergency communication officer positions.

SALARIES AND WAGES

The following is a list of the current 2025 wage and salary scales for each classification:

The 2026 salary and wage scale changes contained in this proposal vary from classification to classification primarily due to agreements with various employee groups where compensation is only one aspect of full economic packages. Some of the proposed changes are based on estimates due to agreements still pending and will need to be updated as an amendment in the future. If the increase listed below is not labeled as an estimate, the change will take effect at the beginning of the first full pay period in 2026:

- Emergency Communication Officer I's – *ESTIMATE* 3.5% increase to the existing wage scale.
- Emergency Communication Officer II's – *ESTIMATE* 3.5% increase to the existing wage scale.
- Dispatch Supervisors – A 3.5% increase to the existing wage scale in accordance with existing terms.
- Administrative Assistant – A 3.5% increase to the existing wage scale.
- Executive Administrative Assistant – A 3.5% increase to the existing wage scale.
- Systems Support Specialist – A 3.5% increase to the existing salary scale.
- Network & Systems Administrator – A 3.5% increase to the existing salary scale.

- Deputy Director – A 3.5% increase to the existing salary scale
- Executive Director – *ESTIMATE* 2% increase to salary effective February 16, 2026

If the above specified increases and/or estimates are approved, the following illustrate what the new wage and salary scales will be for 2026:

HEALTH, DENTAL, & VISION INSURANCE

KCCDA currently offers Blue Cross Blue Shield (BCBS) of Michigan health, dental, and vision plans to employees via a third-party administrative relationship with Acrisure (formally Burnham and Flower Insurance Group). KCCDA, with the assistance of Acrisure, calculates composite rates to offer employees three primary enrollment categories for medical coverage and four categories for dental and vision. The composite illustrative rates are based on the following:

- Current Enrollment - number of employees enrolled in each plan and elective category. This is referenced as “enrollment category”.
- In each enrollment category, the participant ages are pulled from BCBS by Acrisure.
- The age for each participant is then referenced against the BCBS plan renewal rate sheets (2026).
- Number of enrollees per employee is rounded to the third decimal place.
- The average premium for each enrollment category is calculated based on all participants within the category. The average premium is then multiplied by the number of enrollees per employee for that category.

HEALTH INSURANCE

For calendar year 2026, KCCDA will continue to offer two Blue Cross Blue Shield (BCBS) of Michigan medical insurance plans for employees to choose from:

➤ Simply Blue HSA PPO Gold

This is a standard high-deductible PPO plan with an associated health savings account (HSA). There are no major changes to this plan for 2026 and the deductible will remain \$2,500 for single, and \$5,000 for dual and family. KCCDA's renewal package for this plan indicated an average premium increase of 11.71%. Therefore, with the assistance of Acrisure, new monthly premium composite rates were calculated and are recommended below:

	# of Participants	# of Employees	Average Premium Per Participant	Composite Rate
Single	8	8	\$552.85	\$552.85
Dual	10	5	\$669.30	\$1,338.60
Family	54	14	\$478.62	\$1,846.04

Eighty-seven percent (87%) of KCCDA employees who elect health insurance coverage participate in this plan. As part of this proposal, it is recommended that KCCDA continue to contribute 85% of the employee's deductible into their HSA on the first payroll process after January 1st.

➤ Blue Care Network HMO Platinum \$500/0%

This is a Health Maintenance Organization (HMO) plan which has a more restrictive provider network which the employee will have to coordinate medical services through a primary care physician. This plan's deductible is remaining the same (\$500 deductible for a single, \$1,000 deductible for dual or family) however, the out-of-pocket maximum is increasing for 2026 from \$1,500 to \$2,000 for single, and from \$3,000 to \$4,000 for dual and family. The HMO has co-pays ranging from \$20 for primary care to \$150 for an emergency room visit. Blue Care Network's renewal for this plan illustrates a 13.3% increase for 2026. The new composite rates for the HMO plan are as follows:

	# of Participants	# of Employees	Average Premium Per Participant	Composite Rate
Single	3	3	\$552.85	\$683.84
Dual	0	0	*See Note*	\$1,641.21
Family	4	1	\$478.62	\$2,400.48

*NOTE: Since there were no enrollees, the standard dual insurance ratio of 2.4 was used

Page 15 provides a comparative analysis for both health plans. This shows the current 2025 rates compared to 2026 composite health insurance rates for full-time staff members.

Per the collective bargaining agreement, KCCDA will offer health insurance to eligible participating part-time Emergency Communications Officers (ECOs) and their eligible dependents if the employee worked at least 1040 hours during the twelve (12) calendar month period preceding the open enrollment period. Part-time ECOs are only eligible if they have no Affordable Care Act or other qualified group health care coverage available through programs under which their spouse or dependents are eligible to participate. For eligible part-time ECO's who make such election, KCCDA will pay 50% of the cost of a single coverage plan and the employee is responsible for the remainder of the premium. The part-time employee health insurance cost analysis is provided on page 16.

KCCDA policy dictates the organization must be compliant with Michigan Public Act 152 of 2011 (last amended by Public Act 477 of 2018). This act sets annual cost limitations for public employer contributions to medical benefit plans. Page 17 is the memorandum issued by the State of Michigan Department of Treasury establishing the limitations for calendar year 2026. There was a 2.9% increase to the cap for next year equating to the hard-caps: \$7,942.09 for single-person, \$16,609.38 for individual-plus-one, and \$21,660.30 for family coverage.

Due to health insurance renewal rates increasing by 12.5% (average) and only a 2.9% allowable cost increase from Department of Treasury for 2026 medical benefit annual cost limitations, KCCDA must increase employee health insurance cost share from 15% percent to 17% percent to be compliant with PA 152. This is the second year in a row this cost share has increased and page 18 provides a cost analysis for Public Act compliance. If KCCDA adopts the 17% employee cost share as recommended herein, employer aggregate costs (based on existing elections) will be 0.51% below the cost hard-cap limitations established by the State of Michigan.

If a full-time employee opts-out of KCCDA's health plans, the employee may be eligible for a payment in lieu of health insurance equal to \$75 – Single, \$125 – Dual or \$175 – Family; per pay period. Part-time employees are not eligible for payment in lieu.

DENTAL INSURANCE

KCCDA will continue to offer full-time employees the opportunity to participate in the Blue Dental PPO Plus 100/80/50 with a \$25/\$75 deductible. The average rate increase across all participants in the BCBS Dental renewal is 6.69%. The corresponding rate sheets have been used to calculate the 2026 composite rates: Employee - \$27.42, Employee + Child - \$62.23, Employee + Spouse - \$71.46 and Family - \$117.28. It is recommended that KCCDA continue

to offer this benefit to full-time staff members with a 10% cost share. The employer and employee premiums are detailed further on page 19.

VISION INSURANCE

KCCDA will continue to offer full-time employees the opportunity to participate in Blue Vision VSP Choice Network 12/12/12. This plan is for Adults Only due to the recommended health plans including pediatric vision coverage for ages 0 - 18. Vision premiums have an average increase of 7.49% for 2026. The new composite premiums for 2026 are as follows: Employee - \$5.81, Employee + Child - \$5.96, Employee + Spouse - \$12.82 and Family - \$15.09. It is recommended that KCCDA offer this plan to full-time employees with a 10% cost share. The employer and employee premiums are detailed further on page 19.

The complete BCBS of Michigan Health, Dental and Vision Insurance Renewal packet and rate tables are included as supporting documentation on pages 20 – 30.

DISABILITY INSURANCE

The Authority offers eligible full-time employees' short-term disability (sickness and accident) insurance. Covered employees who become totally disabled and are prevented by such disability from working for remuneration or profit and who are otherwise eligible under the insurer's regulations, will be eligible to receive weekly insurance payments consisting of sixty-six-point six seven percent (66.67%) of their basic weekly wage up to a maximum of \$900. This is an increase from years past where the weekly maximum was \$600

As part of this proposal, administration recommends changing carriers for short term disability insurance from Unum to Standard. Standard's proposal, even with the increase in weekly maximum benefit, is 53% less than KCCDA paid in 2025. For the purposes of this proposal, a composite average of \$320 annual cost per employee is utilized and detailed on the Position Budgeting pages.

Disability insurance terms for the Executive Director are outlined in the Employment Agreement and are incorporated into the budget proposal.

LIFE INSURANCE

KCCDA offers eligible full-time employees term life insurance in an amount equal to one (1) times the employee's annual salary rounded up to the nearest thousand, but in no case more than \$40,000, and a like amount for accidental death and dismemberment. Life insurance benefits do reduce, pursuant to the terms of the Policy, at the age of 65 on a graduated basis.

KCCDA's current provider for this benefit is Consumers Life Insurance Company. Consumers offered to continue all existing rates for 2026 through 2028. For budgeting purposes, this proposal uses an average cost per employee per year of \$158; or \$13.17 per month.

Life insurance terms for the Executive Director are outlined in the Employment Agreement and are incorporated into the budget proposal.

RETIREMENT PLANS

All full and part-time employees are required to participate in KCCDA's MERS Defined Contribution Retirement Plan which has a cliff-vesting period of two (2) years. As part of this plan, KCCDA will contribute five percent (5%) of an employee's gross wages and *will match* voluntary employee contributions up to a maximum of an additional three percent (3%). For the purposes of this budget proposal, employer costs are calculated at the maximum possible liability for all employees – eight percent (8%).

Furthermore, the Authority offers full and part-time emergency communications officers, and administrative support staff the opportunity to participate in a MERS Deferred Compensation (457) Plan with no match. The Deputy Director, Network and Systems Administrator and Dispatch Supervisors positions are required to participate in this plan and KCCDA contributes two percent (2%).

The Executive Director's retirement terms are outlined in the existing employment agreement and are incorporated.

RETIREE HEALTH CARE SAVINGS PLAN

Eligible employees currently may qualify to participate in a MERS Health Care Savings Plan as an innovative way to help employees prepare for retirement healthcare costs. An Eligible full-time employee who enrolls in the plan and who is actively employed and paid a cumulative of at least 2000 hours (regular hours worked, PTO, comp time, and short-term disability) during their previous year of employment (based on their anniversary date) will qualify for an employer contribution equal to two percent (2%) of the employee's base salary/wage into their Health Care Savings Plan.

DEPENDENT CARE ASSISTANCE PROGRAM

It is recommended that KCCDA continue to offer employees the availability to participate in the Dependent Care Assistance Program. This program, in partnership with Michigan Tri-

Share, offers employees the ability to reduce licensed dependent care costs by offering two different funding levels.

Tri-Share – If the employee qualifies for Tri-Share, the State pays one-third, KCCDA pays one-third, and the employee pays one-third.

One-third Reimbursement – If the employee does not qualify for Tri-Share, KCCDA will still reimburse the employee for one-third of their costs.

\$30,000 is included in this budget proposal for this program.

PERSONNEL SERVICES and BENEFITS SUMMARY

All recommendations contained in this section – positions, compensation, benefits, and taxes – are illustrated in the Position Budgeting tables on pages 31 – 33. The table includes a column titled “Empl. ID or Vacant (V)”. If the position is currently filled, an employee ID number is listed in this column. If the position is currently vacant, it is labeled with a “V” followed by the number of months the position is budgeted to be filled during 2026.

**PUBLIC EMPLOYER CONTRIBUTIONS TO MEDICAL BENEFIT PLANS
ANNUAL COST LIMITATIONS – CALENDAR YEAR 2026**

For a medical benefit plan coverage year beginning on or after January 1, 2012, MCL 15.563, as last amended by 2018 Public Act 477, sets a limit on the amount that a public employer may contribute to a medical benefit plan.

For medical benefit plan coverage years beginning on or after January 1, 2013, MCL 15.563 provides that the dollar amounts that are multiplied by the number of employees with each coverage type be adjusted annually. Specifically, the dollar amounts shall be adjusted, by October 1 of each year after 2011 and before 2019, by the change in the medical care component of the United States consumer price index for the most recent 12-month period for which data are available. By April 1 of each year after 2018, the dollar amounts shall be adjusted by the change in the medical care component of the U.S. consumer price index for the most recent 12-month period for which data are available. For calendar year 2025, the limit on the amount that a public employer may contribute to a medical benefit plan was set to the sum of the following:

- \$7,718.26 times the number of employees and elected public officials with single-person coverage
- \$16,141.28 times the number of employees and elected public officials with individual-and-spouse coverage or individual-plus-1-nonspouse-dependent coverage
- \$21,049.85 times the number of employees and elected public officials with family coverage.

The limits for 2026 equal the 2025 limits increased by **2.9 percent**. The 2.9 percent is the percentage change in the medical care component from the period March 2023-February 2024 to the period March 2024-February 2025.

Thus, for medical benefit plan coverage years beginning on or after January 1, 2026, the limit on the amount that a public employer may contribute to a medical benefit plan equals the sum of the following:

- \$7,942.09 times the number of employees and elected public officials with single-person coverage
- \$16,609.38 times the number of employees and elected public officials with individual -and-spouse coverage or individual-plus-1-nonspouse-dependent coverage
- \$21,660.30 times the number of employees and elected public officials with family coverage.

CONTRACTUAL AND PROFESSIONAL SERVICES

As part of the annual budget process, a list of contractual and professional services is presented for approval in accordance with KCCDA's fiscal policy 1.03 – Expenditure-Bill Pay. If approved, invoices for these services shall be processed for payment without further approval unless specifically requested by the Board of Directors.

Many of the services contained herein have contractual agreements with annual or multi-year renewals but there are some minor changes for 2026. The items identified below are noteworthy modifications to existing and/or new service providers (correspond to line-item numbers on list and are indicated on the far right by a “●”) as part of this budget proposal:

- Line #5 – Frontline Public Safety Solutions

Frontline Public Safety Solutions is decreasing because we will not renew the Quality Assurance (QA) module.

- Line #6 – CommsCoach/GovWorx

This is a new AI QA solution that was implemented in May of 2025. 2026 will mark the first full year of this contractual service and we anticipate \$31,500 annually moving forward.

- Line #18 - Imprivata

In 2025, KCCDA began offering this multi-factor authentication solution to end-user agencies who are subject to CJIS policy requirements. Portage Public Safety joined this shared system and the root cause for the 23% increase in recurring charges. These charges are recoverable costs via the MOU between KCCDA and Portage Department of Public Safety.

- Line #25 – Microsoft Office 365 Licensing

Our Microsoft Office licensing cost is increasing from \$15,000 to \$23,000 due to the need to purchase one-time perpetual licenses for the dispatch workstations to replace our existing Microsoft Office 2016 applications. The additional \$8,000 represents a one-time expense because Office 2016 is reaching end of support.

- Line #29 – Omnisia Horizon 8, and #30 – Windows Server 2025 Remote

Omnissia Horizon 8 is replacing VMWare Horizon Apps which is what end-user agencies use to access KCCDA systems without a VPN or dedicated connection. The new remote applications page requires Windows Server 2025 Remote licensing which is item #30.

- Line #31 – HaloITSM (Excalibur Data Systems), and #32 – NinjaOne

These are two new service contract requests for 2026 for the implementation of a new IT Helpdesk, Change Control, and Asset and Patch Management System. A new system is recommended to create workflow efficiencies and to track and comply with new CJIS requirements surrounding applications/software and change control management. The system will also improve overall security by automatically flagging outdated software and Windows versions.

- Line #33 – BeyondTrust (Bomgar)

Bomgar is a CJIS compliant remote support software that is approved by the State of Michigan. This solution will enable IT staff to remotely access client systems to view issues in real time and allow IT to securely connect third-party vendors to client machines or servers while maintaining CJIS compliance. Additionally, BeyondTrust integrates with the new help desk system (requested above), streamlining the process of initiating remote sessions and improving overall support efficiency.

- Line #37 – Palo Alto Strata

This request is for a new module to be added to our existing Palo Alto firewalls that will provide additional logging and backup services.

- Line #40 – Meraki Wifi Access Points

The Meraki Wifi Access Points service contract replaces the Aruba contract (#39) with a similar annual amount.

- Line #70 – Civic Plus NextRequest

Administration is recommending implementation of the NextRequest Public Records Software system. This system will assist with FOIA Management and Social Media Retention as it relates to the same.

- Line #73 – Translators Consulting Group

This is a new service contract for one year (non-recurring) with Tim Terrentine for Administrative Team Realignment/Training. The 15-month program will consist of the following: Reflect on the current culture and reset alignment with mission, vision and values; Honor and assess the strengths of the team through talent and literacy work; Translate core values like integrity, accountability and empowerment into clear, daily behaviors; Build shared practices that strengthen accountability, empowerment and balance.

The following three pages provide a detailed list of contractual and professional services for fiscal year 2026. The total recommendation includes expenditures across 12 different line-items totaling \$1,336,513. This is 7.8% higher than 2025 but includes the first full year of KCCDA's second artificial intelligence system (CommsCoach), and two new system implementations that are subscription based (Helpdesk and Public Records Software).

2026 PROPOSED GENERAL FUND LINE-ITEM BUDGET

The following three pages incorporate the recommendations contained herein into a line-item budget including all general fund revenues and expenditures for fiscal year 2026. This provides a comparative analysis with KCCDA's two previous years' budgets – 2024 Revision II and 2025 Revision II.

The General Fund Line-Item Budget includes two separate business units – 2911 General Operations and 2913 Training. All capital equipment/software purchases and facility upgrades are accounted for separately in the Capital Projects Budget Proposal (starting on page 46).

2026 marks the first year in five years without a principal and interest debt service payment totaling \$1,333,546. However, this proposal includes a \$2.25 million allocation to the Capital Projects Fund in preparation for two large capital projects over the next couple of years. This can be found on the Transfers Out & Other Financing Uses line-item (995.010 – Transfers Out – Capital Projects Fund).

Anticipated revenues are expected to exceed expenditures in this General Fund proposal leaving a surplus at year's end equal to \$321,207.

TEN-YEAR GENERAL FUND BUDGETARY AND FUND BALANCE FORECAST

Page 45 is a long-term categorical forecast for KCCDA's General Fund. This takes into consideration the current fiscal year budget (2025 Revision II), the proposed budget for 2026, and forecasted budget for each year through 2034. All revenues and expenditures are forecasted estimates based on the following assumptions:

REVENUES

- Property tax revenues from the 911 millage began in 2021 and have slightly increased each year but, as a conservative approach, this forecast projects this revenue increasing each year by one percent. As a side note, the 911 millage will expire at the end of 2030 and a renewal should be considered in 2028 or 2029.
- All other revenue sources are expected to remain constant/flat.

EXPENDITURES

- Personnel Services and Benefits and Taxes are factored using a standard three percent (3%) each year.
- Supplies and Services & Other Charges are forecasted to increase annually by three percent (3%) beginning in 2026.
- 2025 marked the final Debt Service payment for the Motorola Lease Purchase Agreement in the amount of \$1,333,546 so that categorical will zero out.
- \$2.25 million is earmarked for the Capital Projects Fund (Transfers Out) in 2026.

At the bottom of the forecast is the unassigned fund balance analysis which assumes KCCDA will begin fiscal year 2026 with an estimated General Fund unassigned balance of \$1,856,755.

CAPITAL PROJECTS FUND REQUESTS

The following are the requested equipment, projects and/or capital requests for funding in 2026.

#	Project and/or Equipment Name:	Description	Line Item	Project Total
1	Back-Up Emergency Communications Center	Equipment/Software for new Back-up Emergency Communications Center. This is a general allocation request as specifics are still unknown.	980.000	\$500,000
		Architectural Design and Renovation Costs for the Back-up Emergency Communications Center.	980.020	\$190,000
2	7040 Stadium Drive Facility Upgrades	This is a general allocation request to allow for facility upgrades as a result of Schley Nelson Architect's facility assessment (currently in process and will be completed by year-end). These monies are for Phase II work as defined in RFP #25-01 (Final Design, Detailed Drawings and Construction Services) as the actual renovation/construction upgrades.	980.020	\$1,100,000
3	MPSCS Kalamazoo Subsystem Tower Work	This project involves re-grouting and sealing foundations at several KCCDA tower sites that are intergrated with the MPSCS System: 5108 - Lamont, 5109 - Ravine, 5111 - Oshtemo, 5112 - WMU (Prime), 5113 - Portage, and 5114 - Augusta. Pages 48 - 49 detail the cost and work to be completed at each of the sites.	980.000	\$36,120
4	End-User Agency Radio Replacement and Retemplating Project	<p>In accordance with KCCDA's Capital Improvement Plan, this is a two year project to expedite the transition of fire agency primary communications from VHF to the Kalamazoo MPSCS Simulcast Subsystem and to prepare/ready law enforcement agencies for the transition to AES encryption. It is anticipated program details will involve a tiered approach where KCCDA will provide assistance to end-user agencies looking to replace radios to meet the <i>Ready</i> status and/or providing credit for those who have already replaced radios and are in a <i>Ready</i> status.</p> <p>For Example: 75% of the cost of new devices, 55% cost reimbursement for devices that have been active on the MPSCS System 5 years or less, 35% cost reimbursement for devices that have been active longer but meet the <i>Ready</i> status.</p>	980.000	\$4,000,000

Subject: MPSCS Tower Site Foundation Maintenance

RE: MPSCS Tower Site Foundation

The mission of the Office of Michigan's Public Safety Communications System (MPSCS) is to provide our partners with a secure framework for interoperable communications. We continue to make improvements through significant investments in our infrastructure.

During the last twelve months, our Tower and Site Services Team began the extensive undertaking of visiting and inspecting every tower foundation on **MPSCS Integrated Tower Sites**. Our team has been collecting photographs of all tower foundations for items such as Cleaning, Grout Replacement, Foundation Repair, Sealing, possible Engineering reviews, or any other issues identified during site inspection.

Every tower will require maintenance and repair depending on the current status of the foundation. Some foundations may require extensive repairs, with the possibility of needing an engineering review of the structural integrity of the tower.

The foundation maintenance and repairs must be completed by the MPSCS vendor to adhere to all industry tower standards for our partners utilizing the MPSCS Integrated Tower Sites.

MPSCS strongly recommends this work be completed for all county owned towers.

MPSCS will be completing this tower maintenance in collaboration with our contracted vendor, Pyramid Network Services (PNS). Each tower owner will be responsible for the cost of the maintenance being completed by PNS. Please review the attached estimated quote associated with your towers. The final cost may be higher due to unexpected issues found during the project.

Please provide positive confirmation within seven (7) business days of this letter of county approval to complete county owned tower foundation work.

As always, we appreciate your commitment to interoperative communication services in Michigan. If you have any questions or would like to discuss details associated with this work, please contact Rodney Anway Departmental Manager, Tower and Sites Services, 517-242-0575.

Sincerely,

Anastasia C Ferguson-Nelligan
Deputy Director Management Services
